FINEST VACATION HOMES & MORE

How did it all start?

When choosing a location for an ideal vacation, we know that the safety of your family and yourself comes first. Escapian provides its clients with a fun, relaxing but safe holiday with a wide range of accommodation options that will suit your individual wishes and needs, such as private houses and boutique hotels. Escapian is the answer to a new way of living and that is why it puts your needs and desires first.

Who are we?

We are an online travel agency (OTA), specialists for the territory of the Republic of Croatia, who assist visitors in finding everything they need for a dream vacation in one place, on a user-friendly online platform that provides them with quality information about the offer of their interest and with the immediate possibility of booking their desired accommodation.

Founder

Kristijan Gagulić has many years of experience in the hotel industry, where his focus was on managing hotel operations. As a member of the management board of one of the leading Croatian hotel groups, he participated and became acquainted with all the processes of the tourist chain, from the sale of accommodation facilities to hotel operations and the provision of services. He decided to use the acquired knowledge, experience and contacts as a basis for starting a forward-thinking tourism project.

We are aware of the importance of preserving the environment and therefore we strive to raise awareness of the need to actively work on the self-sustainability of our planet and our country. For this purpose, we will allocate 1% of each transaction for a more sustainable and greener Croatia, and we will offer our partners, as well as our clients the option of following suit, so that, along with work and vacation, we can also enjoy a sense of pride that we have contributed at least a small part to a development of a green and sustainable planet.

The future is green!

And that's not all...

Our vision for the development of the Escapian platform is to constantly invest in expanding our range of services. We want to connect all segments of tourist arrangements – transfers, excursions, boats, domestic products, etc. Escapian wants to enable the joint growth of each and every participant in Croatian tourism, all to the satisfaction of every visitor. Our offer of services and accommodation is primarily focused on the Croatian market, but at the same time we are preparing to expand to the international market.

Why travel with us?

“ We love to travel too – that’s exactly what we have in common. Therefore, we operate in such a way as to make sure that the travel and stay of each guest exceeds their expectations. ”

We are picky when it comes to quality, but that does not limit our choices. We love villas and holiday homes that have interesting features, whether it is unbridled luxury, breathtaking views or extravagant design.

And when it comes to discovering just such unique, unusual and exceptional holiday homes and villas, we are here. We are highly experienced tourism professionals who provide services that will help every client find the perfect vacation down to the last detail.

Now is the right time to show repeat guests a higher level of relaxation in your home, and to give new guests and their families or friends an experience they will be happy to talk about for many years!

Our travel ideas will inspire guests because each trip is created uniquely for them, with many more options to choose from.

Croatia is extremely diverse. Fascinating history, stunning coastline and beautiful cities make it an extremely interesting travel destination.

If guests are looking for “sea and sun”, they will get plenty of that. A secluded beach or a beautiful pool will allow them to completely relax and enjoy.

Whether they are looking for an “active vacation” – hiking, exploring the Roman ruins or sailing, a vacation in Croatia provides exactly what they are looking for.

Gastronomy is an essential part of the experience as well. A glass of fine and world-renowned wines, freshly cut prosciutto and cheese, or fresh seafood will satisfy the needs of even the most refined palates.
